**Subject:** Carolina water rate increase

I am writing you this letter to get more information on the docket 2011-47-ws. I would also like to know how to go about protesting this rate increase. The price for water is already high compared to other areas in this country and the rate increase only makes this worse.

Can you please provide me any information on how I can protest the 2011-47-ws docket. It is in the best interest of the commission and South Carolina to protect it residents from utilities who are for profit.

Thank you
